

Hello Members,

Please read the below information very carefully as it is new to all of us. Please continue being patient as we work through this together.

Thank you very much for your patience as Hockey Canada rolled out it's new registration program. While there are still bugs to work out, I believe it is functioning adequately enough to open online registration for returning players.

Returning Player online registration will open on Monday, June 28 at 9am. It will remain open for returning players until Monday, July 5 at noon. Please be sure to register during this time to ensure your status as a returning player.

Goaltenders--As in previous years, goalies are registered on a first come, first served basis. If you receive the message that you are unable to proceed with registration, please contact the AMHA office (amha@abbotsfordminorhockey.ca) to be placed on the waitlist.

Payment dates and options--AMHA is pleased to be able to offer two payment options, e-transfer or credit card. Parents who elect to pay by e-transfer will be required to submit payment on or before August 1. Parents who elect to pay by credit card will have the payment processed at the time of registration.

"Opt out of Association Raffle" option--Over the past several seasons we have received numerous requests from parents who have requested to "opt out" of the association fundraiser by adding the funds generated to the registration fees. We have heard your requests and are able to offer this option this season. Parents who select this option will not be required to participate in the association raffle. Please note: this pertains to the association raffle only, it does not apply to team based fundraising. (The location of this option has caused some confusion during trial runs. If you are not able to click or check off the box where you believe you should, please keep moving forward, the option is closer to the end of the process.)

Hockey Canada has provided the following video to help parents through the process. Please watch it at least once prior to registering. It will help answer some of your questions.
